

# Super Stress Support

With B-Complex, Vitamin C & Valerian

## DESCRIPTION

Super Stress Support is a sustained release supplement that provides a full spectrum of B-complex vitamins as well as vitamin C and herbs to help support normal stress response.

## FUNCTIONS

Stress is stimuli from the environment, which has specific effects on various biological processes in the body. The body's physiological and emotional response to these stimuli will determine the outcome, or how the stress impacts our health and nutritional status. It is known that stress involves every system and organ in the body, particularly the adrenal glands, nervous system and endocrine system. Stress, whether positive (i.e. exercise) or negative (i.e. death of a loved one), can have a significant impact on a person's health and nutritional status. B-vitamins are needed for the production of hormones involved in the stress response, as well as many other biochemical and physiological processes that involve stress. Your body's requirements for B-vitamins and vitamin C may increase during times of stress. It is important to replenish and or maintain optimal levels of these nutrients so the body can better "handle" stress and limit the potentially damaging physical and emotional effects stress may have on the body. In addition to supporting the stress response, Super Stress Support contains supportive, calming herbs such as valerian, hops and skullcap. The combination of these herbs along with magnesium provides synergistic support to help "calm" the body during stress.

## INDICATIONS

Super Stress Support may be a useful dietary supplement for those who wish to support their health during stressful periods.

## SUGGESTED USE

Adults take 1 tablet daily at mealtime or as directed by a healthcare professional.

## SIDE EFFECTS

No adverse effects have been reported.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

## FORMULA (WW #10143)

### 1 Tablet Contains:

Vitamin C (as ascorbic acid).....	600 mg
Vitamin B-1 (as thiamine HCl).....	100 mg
Vitamin B-2 (as riboflavin).....	100 mg
Niacin (as niacinamide).....	200 mg
Vitamin B-6 (as pyridoxine HCl).....	100 mg
Folic Acid.....	400 mcg
Vitamin B-12 (as cyanocobalamin).....	100 mcg
Biotin.....	100 mcg
Pantothenic Acid (as calcium pantothenate).....	200 mg
Magnesium (as oxide).....	100 mg
Para Aminobenzoic Acid.....	100 mg
Choline (as bitartrate).....	40 mg
Inositol.....	100 mg
Valerian root powder ( <i>Valeriana officinalis</i> ).....	75 mg
Hops strobiles powder ( <i>Humulus lupulus</i> ).....	50 mg
Scullcap herb powder ( <i>Scutellaria lateriflora</i> ).....	50 mg
Other Ingredients: dicalcium phosphate, vegetable stearin, magnesium stearate, cellulose, modified cellulose, silica, rice bran, alfalfa, parsley, and watercress.	

This product contains NO sugar, salt, dairy, yeast, wheat, gluten, corn, soy, preservatives, artificial colors or flavors.

## STORAGE

Store in a cool, dry place, away from direct light. Keep out of reach of children.
